

The English mobile width is corrected

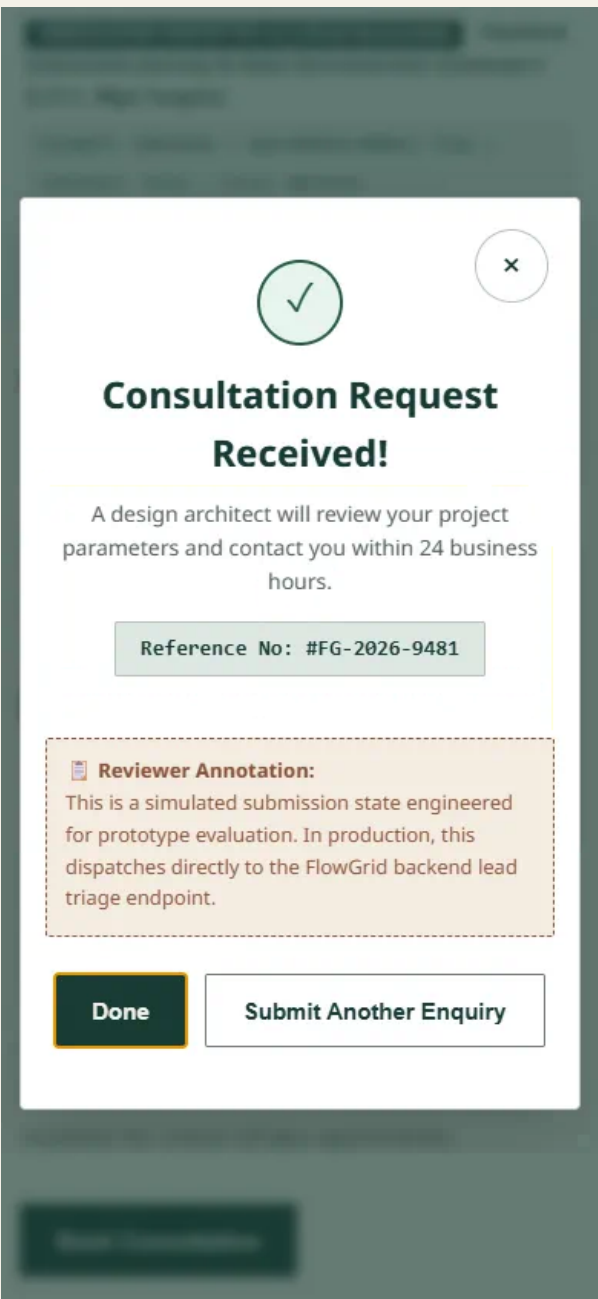

The supplied 390 x 844 recording now contains the full English header and receipt. This closes the previous horizontal-overflow finding on the supplied evidence.

HEADER - FRAME 67

Viewport monitor: 390 x 844 px

RECEIPT - FRAME 66

Receipt actions remain in view

Final sign-off remains open: keyboard evidence is insufficient, the handoff report contains contradictory duplicate sections, and native Figma work is unfinished. See the verification report for the focused corrections.
